Dear Sir:

Reference is made to your letter of February 17, 1942, to all Special Agents in Charge, regarding the preparation of alien arrest registers in each Field Division.

Registers have now been prepared covering all the specified actions of aliens of German, Italian and Japanese nationality up to March 16, 1942.

These are being forwarded to the Bureau on this date, under separate cover, by air mail-special delivery.

Very truly yours

R. J. ABBATICCHIO JR.

Dear Sir:

I am enclosing herewith three copies of a group Presidential Warrant calling for the apprehension of the above captioned subjects. According to the information received by the Bureau, this warrant was issued upon the receipt of a telegram on February 22, 1942, by the Department from Mr. Douglas W. McGregor, United States Attorney for the Southern District of Texas, advising of the emergency apprehensions of these individuals.

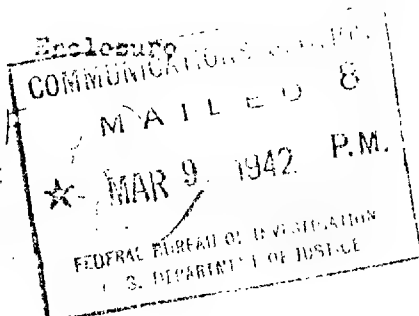

One copy of the warrant is to be lodged with the appropriate United States Attorney; another with the appropriate office of the Immigration and Naturalization Service; and the remaining copy is for your files.

In the event these subjects have not already been apprehended, your immediate efforts must be directed toward their apprehensions.

Very truly yours,

RE: INTERNAL SECURITY
ALIEN ENEMY CONTROL

Dear Sir:

Reference is made to Bureau letter dated January 2, 1942 concerning the fact that this office has failed to include in the reports reflecting the apprehension of enemy aliens all of the information obtained from a review of the files.

Please be advised that immediately following the apprehension of the enemy aliens in this district, the United States Attorney for the Southern District of Texas requested that apprehension reports upon them be furnished him without delay in order that he might furnish certain information telegraphically to the Department in line with his instructions. Accordingly, I deemed it advisable to submit the very brief apprehension reports upon each of these aliens immediately in view of the fact that we did not have sufficient agents or stenographers available to complete and type the file reviews in order to submit the apprehension data and complete background information in the one apprehension report as quickly as was desired by the United States Attorney.

I, therefore, followed the practice of submitting summary reports upon the complete file review concerning each enemy alien and also including the result of the searches of their persons and premises incident to the arrest, including therein notations as to all exhibits so obtained which might be of value to the Hearing Board. These summary reports, a number of which have been furnished the Bureau, were in some instances quite lengthy and were in all cases referenced upon the brief apprehension reports.

MEMORANDUM FOR MR. LADD *[Signature]*

On my instructions, Special Agent George D. Nelson called the Houston Field Office and talked to Mr. Abbaticchio. The Special Defense Unit had asked for information on 7 German women, 1 Japanese woman and 1 Italian woman, names unknown, who were supposed to have been placed in the Houston County Jail. Mr. Abbaticchio stated that the Jailer at the Houston County Jail had informed that office that no women arrested in the alien detention program had been placed in the Houston County Jail even temporarily.

MEMORANDUM FOR MR. LADD

Ph. St. 10-2-21-1

Acting on Mr. C. H. Carson's instructions I called SAC Abbaticchio at Houston regarding the attached teletype. He was instructed to apprehend the Japanese aliens listed in his teletype if they were not entitled to diplomatic immunity and be considered them dangerous.

He advised that he was planning to start rounding them up at 5:00 A. M. and if they could not prove citizenship he intended to turn them over to the Immigration Service. The information regarding these Japanese came from ONI and he did not feel we were justified in permitting them to go free after ONI stated they might be dangerous. Any of the Japanese who can prove citizenship will be thoroughly interviewed and if no basis for their detention can be obtained they will be released after ONI is advised and given an opportunity to produce sufficient justification for their detention.

RE: INTERNAL SECURITY
CUSTODIAL DETENTION

Dear Sir:

Reference is made to your letter of January 1, 1942, calling the Bureau's attention to letters received by your office from the Bureau relative to the following Internal Security cases now pending in your office:

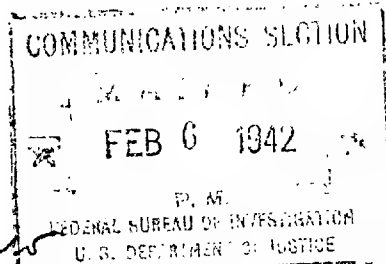

Paul Otto Bottler	Herman Newman
Walter M. Ehrhardt	Elsie Janke
William August Chun	Johannes Herfort, alias
Gustavo Herman Freitag	John Herfort
Otto Wilhelm Goedecke Jr.	William F. Janke
Dr. Max Freund	Ernst Daniel Haardt, with aliases
	William Carl Jaeger, with aliases

Please be advised that there has been no change in the Bureau's policy of referring all cases involving citizens who are believed dangerous to the internal security of the United States, to the Bureau for reference to the Department, and all cases involving aliens to the appropriate United States Attorney. Since the subjects listed above are all citizens of the United States, it is desired that they be referred to the Bureau for submission to the Department in the event you are of the opinion that they should be taken into custody as individuals dangerous to this country.

Very truly yours,

John Edgar Hoover

RE: INTERNAL SECURITY
CUSTODIAL DETENTION

Dear Sir:

Reference is made to Bureau letter dated December 26, 1941 in each of the following INTERNAL SECURITY cases: PAUL OTTO BOTTLER, WALTER H. ERHARDT, WILLIAM AUGUST CHON, GUSTAVE HENRIK FREITAG, OTTO WILHELM GOEDECKE JR. and Dr. MAX FREUND.

Reference is also made to Bureau letter dated December 27, 1941 in the following additional INTERNAL SECURITY cases: HENRIK NEWMAN, ELSIE JAHNKE, JOHANNES HERFORT, alias John Herfort, WILLIAM P. JAHNKE, ERNST DANIEL HAARDT with aliases and WILLIAM CARL JAEGER with aliases.

It is noted that the letter of reference in each of the aforementioned cases advises that the Department would not authorize the apprehension of the Subject at this time and instructed that in the event any additional information is secured indicating that the Subject is dangerous to the welfare of the United States, it should be furnished to the appropriate United States Attorney immediately.

It is pointed out that all of the aforementioned subjects are citizens of the United States and in that connection reference is made to Bureau teletype of December 14, 1941 in the above captioned matter instructing that a teletype summary of the information and data developed with respect to citizens, who are believed to be dangerous to the Internal Security, be furnished to the Bureau for reference to the Department for consideration.

In view of the foregoing it is requested that the Houston office be advised whether or not the Bureau's policy in this matter, with respect to citizens, has now been changed and whether the procedure of submitting information and data developed, with respect to citizens, to the Bureau for reference to the Department should be continued or if such information should be immediately furnished to the appropriate United States Attorney.

MEMORANDUM FOR MR. E. A. TAMM ✓

SAC Abbaticchio of the Houston Office called and stated that he had a conversation with you about the special retraining course. He advised that Agent E. H. Duff is on the train en route to the Bureau for retraining. SA Duff is the Japanese man for the Houston Office. Mr. Abbaticchio advised that there are 300 Japanese being considered in that area.

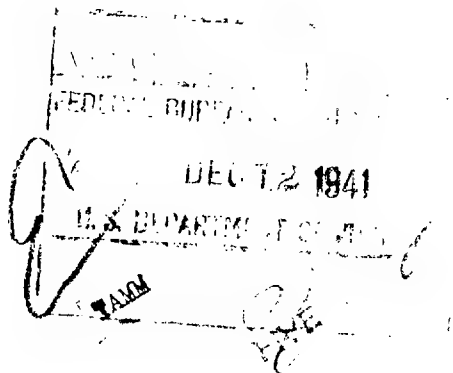

He advised that he was about to send in a teletype listing all he considered to be picked up. He advised that of the 300, there are three subordinates of the Japanese Foreign Trade Bureau. He further advised that the SAC of the New Orleans Office gave him a list of nineteen Japanese in the Houston District which were classified by ONI in three categories. I advised him to send in the information being given by ONI by teletype and also advised him it was permissible for him to call Duff off the train.

MEMORANDUM FOR MR. LADD

3:40 a.m.

Special Agent W. A. Giddens telephonically contacted the writer from the Houston Office and advised that they had sent in a teletype at about 10:30 p.m. listing about 11 Japs as a precautionary measure. He advised that they recommend that authorization be granted to arrest these eleven Japs; that they have very little information in the files there concerning them and that their information is based on some data received last evening from ONI; that they were aliens.

I advised Giddens that if they were aliens, as we tried to make clear in our teletype, the Special Agent in Charge would have to follow his own recommendation and go out and pick them up. If they were not aliens and not on the ABC list or the Bureau has not previously submitted Custodial Detention dossiers on them, individual clearance will have to be gotten on each one; however, if they are aliens and the SAC wants to recommend that they be picked up, they will just have to go out and pick them up; that this is the instructions we have received from the Department.

Respectfully,

C. H. Carson

MEMORANDUM FOR LADD

SAC Ibbaticchio of the Houston office telephoni-
cally checked with me to see if he was following the correct
procedure with respect to alien apprehensions. He stated
that they are picking up no one without first submitting to
the Bureau a teletype stating whether or not the man is a
citizen or an alien and getting the Bureau's permission to
pick him up. He stated that they had a great many of these
cases and were submitting to the Bureau as quickly as pos-
sible.

I told him that he was doing the right thing;
however, in the case of an emergency where he was afraid
the person might get away unless quick action was taken,
that he should assume responsibility in apprehending him,
advising the Bureau immediately.

MEMORANDUM FOR Mr. LADD

While talking to me about another matter, SAC Abbatichio of the Houston office telephonically asked what to do with regard to complaints concerning firearms in the possession of aliens. He stated that someone had called him regarding one instance of this kind and wanted to know if they should pick up the gun.

I advised Mr. Abbatichio that there is presently being prepared at the Bureau a letter to all SACs submitting instructions covering matters of this kind and that the letter should reach him within the next day or two. However, in the meantime he should arrange with Customs to hold onto the gun pending receipt of our instructions.

PERSONAL AND ~~CONFIDENTIAL~~

Dear Sir:

Reference is made to telephonic instructions from Assistant Director E. A. TAMM on December 10, 1941, to the effect that I was to communicate with MR. CURTIS MUNSON and inform him that you have been advised by MR. J. F. CARTER of his statements relative to the exhausted condition of Agents of this office due to their overwork at this particular time.

Almost immediately after receiving this call from MR. TAMM, MR. MUNSON called me and inquired if we would be able to handle another situation such as we are now handling, and from our previous conversations, I know that he was referring to the apprehension of Communists. I assured him that we are in a position to do so in the same effective manner in which we are now operating while apprehending alien enemies. He stated that the apprehension of this new group was being considered in Washington, and that there was a bottleneck in the Department, and he undoubtedly referred to the Attorney General as he had in his conversations with MR. VINCENT of this office on the occasion of his visit here on December 9, 1941. I assured him that it would be a simple matter for the Bureau to coordinate its activities to the end that the individuals of any group be apprehended. He inquired if this were extended to include the persons in a "B" classification of this group, if it would be too big a situation for us to handle, and I assured him it was not; that there were many departments we had not called on at all in the present situation, and there were many officers to assist us and it would be easy from an administrative viewpoint in the office to handle this situation. It was pointed out that the experience gained in this present activity would enable us to handle a greater volume of it in the future with the same force. I stated that it was necessary to work hard, but that that was absolutely necessary at such a time as this.

I advised MR. MUNSON that MR. HOOVER has informed me of a telephone call from MR. J. F. CARTER in Washington, advising that the Agents of this office were in a very exhausted condition and were about to drop from overwork, and that I had informed MR. HOOVER that such a statement was a lie. MUNSON immediately began to attempt

to smooth things over and stated that he did not make that statement at all; but his words to me were, "I said they were working very hard day and night, and if any more work is placed on them now it might be too much." He stated this was in order that the Bureau would be enabled to obtain anything in Washington that it desired, and that he absolutely did not mean it in a sense of criticism. He stated MR. CARTER is very well known to MR. HOOVER and believes the Director would understand why MR. CARTER would say that to him. He stated, however, if there were any criticism it should be "pinned on him," but what he was actually doing was trying to give us his help.

I advised him that the Agents had worked hard, but were not at all near the exhaustion point--in fact, almost to a man they had volunteered to continue working when I had instructed them to return to their quarters for some sleep. I could tell from his reaction that MUNSON thought I was in exceedingly good spirits at the time of our conversation. He was aware of the fact that I did not appreciate receiving a complaint about this office from the Director and he requested that I not be angry with him, as he had meant absolutely no harm to this office.

After my conversation with MR. HOOVER on December 10, I called MR. MUNSON again at the Biltmore Hotel and informed him that you had severely criticized me, for you had received a complaint that the Los Angeles Office has picked up only half of the individuals who should be apprehended, and if this is the case, I am at fault for not having requested additional personnel from the Bureau. I informed MR. MUNSON that this was not the situation at all, as I had sufficient personnel and had not, therefore, made a request for additional Agents from the Bureau, and those individuals whose names have been furnished us by the Department as being satisfactory subjects for custodial detention at this time have been and are being apprehended rapidly. There are but a few outstanding at this time. I informed him very definitely that we can apprehend only those persons whom the Department authorizes be seized; and, therefore, we cannot take any action against any other group at this time.

MR. MUNSON stated that there must have been a misunderstanding about this statement, as what he said was that only half of the persons who should be picked up have to date been apprehended because we have not gone into the citizens group; and it is his impression from what he has learned here on the Coast that the citizens who

Director

- 3 -

December 10, 1941

are disloyal constitute a large group of possible troublemakers in the emergency. He feels that the apprehension of the aliens is only half of the job, and the citizens constitute the other half of it.

He was very apologetic for having caused me any difficulties with the Bureau and stated that he was out here to give me whatever assistance he possibly could. He did not want me to misunderstand his purpose and he hoped that I would feel free to communicate with him at any time.

Very truly yours,

THE DIRECTOR

Mr. Hood called from Los Angeles to advise that he had talked to Curtis Munson and advised him of the statements which had been made to the Bureau by J. Franklin Carter in Washington, and Munson stated that he had not made any statement that only half of the alien enemies had been apprehended but that what he told Washington was that in as long as the arrests were confined to aliens the job would only be half done. Munson claims that he told Carter that until the F. B. I. was authorized to pick up the dangerous citizens as well as the dangerous aliens, the job would be but half completed and that anticipating this, he thought additional men would be necessary to arrest the citizens when they were authorized. Munson insisted that he did not criticize the Bureau or desire to convey the indication that the Bureau was half doing its work. Munson claimed that he understood clearly that the Bureau was doing only what it had been authorized to do and that he was trying to point out to Washington the fallacy of the Department policy.

I told Hood to request Munson to call Washington and make his position clear in the matter.

Respectfully,

Edward A. Tamm

MEMORANDUM FOR MR. TOLSON

Charlie Malcolmson called to advise that according to the press there is some conflict in Los Angeles in that the police and sheriff's offices have given out figures on the number of aliens rounded up which approximate the total national figure. He wanted to know if there was some confusion.

I told him I could not state; that in all probability the police and sheriff's offices had been asked to cooperate with our Bureau office; that he would be safe in referring Los Angeles papers making inquiry to the Los Angeles Office for the correct figure.

Respectfully,

L. B. Nichols

In telephonic conversation with SAC Hood in Los Angeles, I advised that according to present indications it will not be necessary to send the 25 Agents in Los Angeles to Hawaii and inquired in what capacity he was using them at that time. He stated that he has a large squad of men at the Immigration place, has 9 men in the office for complaints and telephone calls and a large number of men at the various precincts yet because they are still bringing in stragglers, etc. He stated that up to that time they had picked up 314 Japanese, 71 Germans and 11 Italians. Mr. Hood stated they have quite a bit of evidence from the Japanese and Germans, particularly the Japanese and that he has a squad of Agents going through the German evidence. I inquired as to how many of the 25 Agents he could release to be sent to other offices and he stated that he would like very much to keep 15 of them at least a week or 10 days. I advised him that I would let him know.

MEMORANDUM FOR MR. LAWRENCE M. C. SMITH
CHIEF, SPECIAL DEFENSE UNIT

Information has been received from the Los Angeles Field Division of this Bureau that the following citizens, whose names were included on a list of alien enemies furnished by your office, have been taken into custody, and advice is therefore requested as to whether this custody should be continued in view of the facts developed relative to these individuals.

Frank K. Ferens is an active propagandist, a member of the German-American Bund and an associate of Herman Schwinn, Hans Dieble and other outstanding German suspects in the Los Angeles area. He is outspokenly pro-German, has openly heckled speakers at anti-German meetings and has ended speeches after film performances with "Heil Hitler." On one occasion he stated that "the Nazis will have the Americans on their knees crying for mercy."

Hans Alfred Gebhardt was formerly the attorney for the German Consulate at Los Angeles and also attorney for various Bund members and German aliens. He is President of the German-American League and active in other important German organizations in this area. On one occasion he led the assembly at Hindenburg Park in the oath of allegiance to Germany.

Reinhold Kusche is a member of the German-American Bund, is a trustee of Deutsches Haus, center of Nazi activity in Los Angeles, and was one of the uniformed storm troopers who greeted George Wilhelm Kunze during a visit to Los Angeles.

Kurt Zimmer is an active propagandist, a member of the German-American Bund, an officer of the American-German Aid Society, and a contact of Max Grah, former German Consulate employee at Los Angeles.

Max Assman is a member of the German-American Bund, a storm trooper and was present at the Deutsches Haus on the occasion of the visit of George Wilhelm Kunze.

Otto C. F. Dinius is an officer of the German-American Bund, a storm trooper and a member of the National Rifle Association.

Ferdinand H. Schuchterman is openly pro-Nazi. He was interned during World War #1.

Fritz Boehm is a boyhood friend of Adolf Hitler, served in the German Army during World War #1 and was in the Munich Putsch in 1923. He is a member of the German-American Bund, and in 1935 made a trip to Germany at the invitation of Hitler.

Thomas W. Sukumlyn served with Adolf Hitler in the German Army during World War #1. He is openly pro-Nazi and is a personal friend of Fritz Wiedeman, former German Consul General at San Francisco. In 1939, he made a trip to Germany at the expense of the German Government, returning with a Nazi ring inscribed "From Adolf to Tom." When apprehended, Sukumlyn had in his possession considerable photographic equipment and plans, blueprints and pictures of power plants.

Clair V. E. Lindhorst is a former German Army officer who owns property in Germany and is openly pro-Nazi.

William Adolf Gussow, who was formerly within the district covered by the Miami Field Division of this Bureau, is now employed by the engineering department of Northrop Aviation Company in the Los Angeles Division. It should be noted that Gussow has previously been classified in Group B.

In view of the above stated fact that all of these persons are citizens of the United States, according to this information from the Los Angeles Field Division, advice is requested as to whether further detention of these individuals is desired and what action should be taken to effect this further detention.

MEMORANDUM FOR MR. [REDACTED]

I called SAC Hood of the Los Angeles Office in regard to the following inquiries which he had made:

Munsen contacted SAC Hood and advised him of the people that were picked up on alien custody for the British. I advised Hood that if this matter comes up again to tell Munsen we are dealing direct with the British and if the British want this list they should make a direct request to us in Washington as we are handling the matter here.

In regard to the question of the Japanese that have been detained in the consul here at Los Angeles, I advised Mr. Hood that the State Department says to inform the Japanese delegation that they could do no shopping there but that they will have opportunity to shop when they get to Hot Springs, Virginia.

With reference to the individual who desires to have some dental work done, I told Mr. Hood that if it was convenient an agent may accompany him to the dentist.

In regard to the Japanese alien women who are in the consulate and who are married to Japanese aliens in private business, I told Mr. Hood that the State Department advises that the husbands should be contacted and accompanied to the consulate here where they should be confined with their wives. This action should be taken before the transfer of these Japanese is effective. Mr. Hood stated that there about fifteen or sixteen persons to be transferred and that he would furnish the Bureau with a list of the people.

Mr. Hood advised that one of the women has a bank account that she wished to have made into a joint account with her husband. I told Mr. Hood that since her husband would be with her that situation could be handled by mail.

Respectfully,

P. J. Ladd

SAC Hood called with reference to the status of work in the Los Angeles Office. One of the matters which Mr. Hood stated would require considerable effort arises out of a conference which he had with the United States Attorney and Immigration officials in Los Angeles this morning. The Immigration Service has in custody in Los Angeles, 87 alien fishermen who are being held for irregularities in their Immigration status. These fishermen have worked out of Los Angeles harbors on various types of fishing boats and all of them are members of the army or naval reserve of Japan. The Immigration authorities will be able to hold these fishermen on the immigration charges for an indefinite period of time but probably will not be able to hold them for the duration of the emergency and consequently the Immigration officials and the United States Attorney feel that warrants should be obtained against these people in order that they may be interned for the duration. The United States Attorney will make a request upon the Department as soon as possible for the issuance of Presidential warrants for the apprehension of these 87 aliens. Mr. Hood stated that he had agents working with the Immigration Office today obtaining all pertinent data from the Immigration files in order that these data may be transmitted at the Bureau as soon as possible for the completion of the Bureau's records.

Mr. Hood stated that there is a total of 503 additional alien Japanese fishermen in the same category who have been confined to the vicinity of the harbors at Los Angeles and San Diego, there being approximately 100 of these fishermen in San Diego while the remainder are in Los Angeles. The Immigration authorities and the United States Attorney feel that these fishermen should likewise be interned for the duration of the emergency. The United States Attorney pointed out that if these individuals are permitted to move about at will, they may proceed to lower California and cause considerable trouble at that point where it has been alleged enemy submarine bases are located. The United States Attorney likewise will request Presidential warrants for the detention of these aliens as soon as possible. Mr. Hood stated that the apprehension of this group of aliens will more than double the present figure on the apprehension of alien enemies. Mr. Hood stated that he offered to send Bureau agents to assist the Immigration authorities and summarize the information concerning these individuals in the Immigration files but that the Immigration officials stated Bureau assistance would be unnecessary and that they would furnish a complete summary of all information in their files concerning each of these aliens. Mr. Hood stated that a summary teletype will be forwarded to the Bureau concerning each of the aliens as soon as this data is made

7 JAN 2 1942, Tolson, see that all West Coast offices are adequately manned. H.

available by the Immigration authorities, Mr. Hood pointing out that there would be no previous record in the Bureau's files concerning many of these persons. Mr. Hood stated that although the apprehension of the 503 subjects would be a rather large undertaking, his present office force with the cooperation of the police would be able to successfully effectuate the apprehensions. Mr. Hood stated that the assistance of as many police officers as is necessary can be obtained and that few agents participate in the actual apprehensions. However, agents supervise the handling of the aliens at the Immigration station following the apprehensions and agent personnel also is required for conducting searches at the time of the apprehensions.

Mr. Hood stated that the 503 apprehensions would be made as nearly simultaneously as possible in accordance with the procedure followed in the initial pick-ups and that the subjects in the Los Angeles area will be apprehended at the time those in the San Diego district are picked up.

Mr. Hood stated that in connection with the procuring of subpoenas duces tecum calling for the records of various organizations, he will submit to the Bureau tonight or tomorrow morning a request for authorization for the service of subpoenas upon a large number of organizations in his district. He stated that if the Department approves the issuance of subpoenas in all cases which he believes merit such action, service and execution of the subpoenas will be a very large undertaking. He mentioned that there are 97 offices of Japanese organizations which should be required to turn over their books and records under the subpoenas.

Mr. Hood stated that he believes registration act cases will be established against two German individuals and indicated that he has three good espionage cases. Mr. Hood further stated that efforts are being made at the present time to complete the investigation with respect to 75 German sympathizers of American citizenship whose names are contained on the Bureau's custodial detention list. He stated that the investigation of 55 citizens of German sympathy has already been completed. He stated that the investigation of citizens with other un-American tendencies is being completed as rapidly as possible in order that he will be prepared for any eventuality.

He stated that he has 75 applicant cases and 2300 selective service cases awaiting investigation to which he has a skeleton force assigned in order to keep the important items current. He stated that no agents are presently assigned to general investigative work with the exception of a few men who handle hot leads in fugitive cases.

Memorandum for the Director

-3-

Mr. Hood stated that he wished to call the foregoing information to the attention of the Bureau in order that we would be advised of the status of work in the Los Angeles office. He stated that he has adequate personnel to handle the present program as he sees it including the apprehension of the Japanese fishermen mentioned hereinbefore and the service and execution of the subpoena duces tecum likewise previously referred to. Mr. Hood pointed out, however, that the exact amount of work involved in serving and executing the subpoena duces tecum cannot be estimated at the present time inasmuch as it is not known how many subpoenas will be authorized by the Department as a result of the information which he is submitting today or tomorrow. I told Mr. Hood to keep the Bureau closely advised of the situation in his office in order that additional personnel could be furnished if the burden becomes too great. Mr. Hood pointed out as the situation presently exists, a large sabotage case or a similar case of unusual proportion would place the Bureau in an extremely embarrassing position inasmuch as the personnel assigned to the Los Angeles office would be inadequate to handle a large case.

Respectfully,

EAT

Dear Sir:

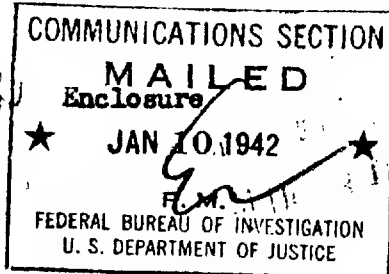

Reference is made to your letter of January 4, 1942, in which you furnished summary memoranda concerning 92 alien Japanese fishermen who were apprehended by the Immigration and Naturalization Service in the Los Angeles Area.

Upon review of this material, it is noted that two sets of a memorandum on Matojiro Sato were furnished the Bureau and I am returning herewith one set. In reference letter you stated that 92 memoranda were included, whereas with this duplication there were only 91 memoranda received. It is requested that you check your records and furnish the Bureau with information concerning the individual who was apparently omitted in the summaries transmitted with reference letter.

Very truly yours,

MEMORANDUM FOR MR. EDWARD J. ENNIS
DIRECTOR, ALIEN ENEMY CONTROL UNITRe: ALIEN JAPANESE FISHERMEN
LOS ANGELES AREA
ALIEN ENEMY CONTROL

I am attaching hereto summary memoranda concerning ninety-one alien Japanese fishermen who were apprehended by the Immigration and Naturalization Service in the Los Angeles Area. These individuals have been interviewed by Special Agents of this Bureau and the information obtained is set forth in the summary memoranda mentioned above. I am also attaching hereto a list of Japanese alien fishermen to whom fishing licenses have been issued for the 1941-1942 season in that area.

For your information these individuals are members of the Japanese fishing fleet operating on the California Coast and have for a period of time frequented the areas which are now regarded as defense sea areas. The ships manned by these aliens are radio equipped and while they are at sea there is no method of preventing them from communicating with the enemy and possibly rendering assistance to enemy submarines or other craft at sea. I understand the Naval Authorities at the present time prohibit these alien fishermen from departing from West Coast ports to preclude the possibility of their taking any action which might be detrimental to the defense of the West Coast. This is regarded as a partial solution to the problem created by these persons, as many of them reside at Terminal Island, Wilmington and San Pedro, California, which localities are regarded as being within a defensive area in view of the military and naval operations in the area of the Los Angeles Harbor.

Dear Sir:

There are being forwarded to the Bureau with this communication, five copies of memorandum concerning 92 Alien Japanese Fishermen who are presently in custody of the Immigration and Naturalization Service of this territory. These individuals have been the subject of recent conversation with Bureau officials.

EX-8

RECORDED

100-2-29-1

As you are aware, the members of the Japanese fishing fleet operating in California and Lower California coast have for a considerable period of time frequented the areas which are now regarded as defense sea areas. The ships manned by these aliens are radio equipped and while they are at sea there is no method from preventing them from communicating with the enemy and actually rendering assistance to enemy submarines or other craft at sea. They frequent the waters of Lower California from which point Japanese submarines may possibly be operating. As a matter of precaution, the Naval authorities at the present time prohibit these alien fishermen from departing from west coast ports to preclude the possibility of their taking any action that might be inimical to the defense of the West Coast. This is regarded as a partial solution to the problem created by these persons, however, many of them reside at Terminal Island and in Wilmington and San Pedro, California which localities are regarded as being within a defensive area in view of the military and Naval operation in the area of the Los Angeles Harbor. It is understood that Naval authorities have recommended in the past the removal of all industries in which the Japanese in this Harbor Defense Area are engaged. Their removal to some other part of the state would amount to a partial solution of the problem. However, the individuals are still free to travel about the state to some extent and could possibly go to Mexico if they so desired. One reason why they are considered dangerous is that the Immigration and Naturalization Service advises that it has been their experience that many members of the alien Japanese fishing fleet are members of the Japanese Army and Navy Reserve Corps.

RE: ALIEN JAPANESE FISHERMEN

January 4, 1942

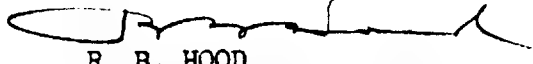

It is felt that this group does constitute a threat to the security of this area and there are undoubtedly other groups that must be considered in a like manner. Each of them will be called to the Bureau's attention as they are developed.

It is suggested that reports from Hawaii and the Philippine Islands may furnish to the Bureau some guide as to what type of activities might be expected from this group of citizens as present dispatches indicate that they have participated in some fifth column activities.

It is the opinion of the United States Attorney, the Immigration and Naturalization Service and the Commanding General of the Western Division Command, San Francisco, that all members of the alien Japanese fleet, including those upon who memorandums are being submitted herewith, should be confined as alien enemies. It is requested that this office be advised of the opinion of the Department at the earliest possible date. It is the recommendation of this office that the individuals referred to be detained as alien enemies.

In accordance with my instructions Special Agent M. H. Smythe telephonically contacted SA B. P. Shetter at Los Angeles with reference to individuals identified in the memorandum of Mr. L. M. C. Smith to the Director dated December 22, 1941, as being apprehended by the FBI and presently held by the Immigration and Naturalization Service in the area covered by the Los Angeles Office.

Agent Shetter was requested to submit teletype summaries of information on which the apprehension of these individuals was made. In the event the apprehension of any of them was not effected by the FBI, he was requested to determine the identity of the apprehending agency and advise the Bureau immediately.

Respectfully,

Plans for Future Activities

The following is a brief summary of the plans which have been made for further activities by the Field Offices of this Bureau in the Western Defense Command:

Seattle

Multiple searches are to be conducted in the vicinity of Vancouver Barracks, in the vicinity of the airport at Dallesport, and in the vicinity of Wapato, Washington, where there is a considerable concentration of Japanese farmers.

Portland

The premises of approximately 25 alien Japanese members of the Sokoku Kai in Portland and in the vicinity of Portland will be searched and these alien Japanese members of the Sokoku Kai will be apprehended. Spot searches of the premises of alien Japanese living near vital bridges and water fronts at Portland, Oregon, will be conducted on the 21st instant.

Raids Net 200 Alien Enemies

**F.B.I. Agents Swoop
on Santa Maria Valley;
Little Contraband Found**

SANTA MARIA, Feb. 18. (Exclusive)—Directed by R. M. Hood of the Los Angeles office, Federal Bureau of Investigation agents today arrested more than 200 enemy aliens in a series of raids that began at 7:30 a.m. in Santa Maria Valley and were expected to continue throughout the night.

Most of those arrested were Japanese. The raids followed weeks of quiet work in Santa Maria, Guadalupe and the Santa Maria Valley by F.B.I. agents after repeated warnings by Dist. Atty. Percy Heckendorf that "there is great danger of sabotage" in this locality.

Each raiding party today was accompanied by an Army truck. When each truck was filled with aliens it was sent to Santa Barbara.

Names of those arrested were revealed, but officials of the F.B.I. said they had seized little contraband. The raiders took men from restaurants, clubs, hotels, stores, farms and vegetable packing sheds.

One prisoner, known only as Yeda, was a cook in the Santa Maria Club, where officers from Camp Cooke often gathered.

Clark Proposes Aliens Removal

Federal Control Co-ordinator Leaves for Washington Conferences, Where He Will Recommend Ouster From Defense Districts

Emergency orders by the United States government to evacuate 266,000 enemy aliens and their children, including all American-born Japanese, from areas in California vital to national defense will be recommended today at a conference in Washington, D.C., by Federal Alien Control Co-ordinator Tom C. Clark, he disclosed here yesterday before his departure for the capital.

Admitting that this may cause some dislocation of California's economic and agricultural situation, he declared that Army and Navy officials regard the move as necessary, although they realize that it must be carried out in a way to minimize the effect as much as possible.

ALIENS IN CALIFORNIA

Clark will recommend that as many aliens and their children as possible be placed in agricultural work within the boundaries of California, in areas remote from the coast and danger to national defense.

For the rest, he will recommend creation of work projects, either in remote areas within the State or elsewhere.

"There are in California," he said, "some 100,000 alien Italians, 71,000 alien Germans and 33,000 alien Japanese."

Admitting that military authorities regard the Japanese as the principal problem, Clark said that there are about 60,000 Nisei, or American-born Japanese children, in the State. The loyalty of many of these is unquestioned, but it is difficult to determine who can be trusted and who cannot, he pointed out.

PROBLEM EXPLAINED

Army and Navy officials will sit in on the conference, Clark said. He will recommend removal of any persons they suggest from any areas. This undoubtedly will affect the 8067 aliens, including 2800 Japanese, now residing in prohibited areas in the Los Angeles area.

Explaining the apparent slow action on the alien problem by the government, Clark said.

"There are three separate parts of this problem, all of which must be recognized in working out an adequate final solution. They are the military necessities, legal considerations and the civil problems of housing, transportation, food, clothing, etc."

Army and Navy commands have proper understanding and control of the military problems.

They recognize that further steps are needed to assure safety from potential dangers, but have sensibly refrained from unnecessarily drastic action pending the working out of co-ordinated solutions to the other phases of the problems, Clark declared.

"The legal phases of the problem are created by provisions written into our Constitution for the protection of citizens," he said. "We have already placed all known dangerous enemy aliens in custody and most of the remaining enemy aliens will be taken care of under orders already issued governing the 86 prohibited and 12 restricted districts."

LEGAL DIFFICULTY

"The legal problem primarily revolves around the 60,000 Japanese in California who are American citizens. Regardless of how much we may recognize the necessity of evacuating these people, it must be thoroughly understood that evacuation cannot be legally undertaken, nor can the aliens be adequately controlled in ways other than through emergency orders."

"The civilian and physical problems start with the fact that we must be prepared to deal with some 266,000 aliens and children of aliens in California, of whom some 93,000 are Japanese. Before undertaking any large-scale movement of these people, or any substantial part of them, we must recognize and solve numerous problems of housing, feeding, etc."

MANY SUGGESTIONS

"Numerous excellent suggestions have been made by Coast legislators and citizens. Studies are under way for the practical co-operation which must be arranged to solve this phase of the problem, with particular attention to minimizing dislocation of California's economy, especially its agricultural situation."

Clark said that he is informed that 38 per cent of the vegetables produced in California are cultivated by Japanese and that California vegetables represent 7 per cent of the national total.

"Despite this," he said, "the Department of Agriculture is not worried."

L.A. Times 2/15/42

CAN'T TAKE CHANCES

"The fact remains that in spite of complications and difficulties, we just cannot take any chances. Therefore, as requested by the War Department, I am taking all steps necessary to effect the evacuation of all enemy aliens from the areas now designated and recommending that work projects be created for these aliens at carefully selected interior points where they may be interned under the provisions of the Geneva Convention.

"I intend further to recommend that all persons who are deemed inimical to the defense efforts be removed from vital areas already designated and from such additional vital areas as may be designated by the War and Navy Departments.

NEED EMPHASIZED

"Persons other than enemy aliens that are evacuated from such areas should also be provided with productive employment at selected interior points where they may have the protection of the Federal government.

"To make these plans effective, I shall recommend the use of such emergency orders as are necessary for immediate results."

In emphasizing the need for removal of enemy aliens and in many cases their children from vital defense areas, Clark point-

ed out that in the opinion of military authorities the danger is not so much that of sabotage as of observation.

"If some of these people see things of a military nature which might aid the enemy, they are likely to find a means of communicating their information. If they are in areas where there is nothing to observe, and they are under governmental supervision, this danger is eliminated," Clark pointed out.

MANY IN CUSTODY

He revealed that many of the aliens already taken into custody by F.B.I. agents and other branches of the government already have been sent to concentration camps in Nebraska and North Dakota.

Also, he said, many American-born and alien Japanese have voluntarily removed themselves from the coastal region.

Meanwhile, acting under the direction of the Navy, which recently took over Terminal Island, Roy C. Beaton, assistant manager of the Los Angeles Harbor Department, yesterday began serving evacuation notices to Japanese aliens and American citizens still residing or having businesses there.

LEASES CANCELED

To 95 Japanese business houses, cafes and residences which had leases from the Harbor Department, 30-day evacuation notices were served, and to 15 others three-day notices were given in conformity with their leases.

All the notices were dated Feb. 13.

Among the places which were given 30-day notices was the headquarters of the Southern California Japanese Fishermen's Association, where officials are attempting to wind up the sale of about 45 "jig boats" to Americans, to provide for the families of alien Japanese who have been interned.

ABOUT 2000 LEFT

Navy officials estimate that there are about 2000 Japanese left on Terminal Island. Shortly after the attack on Pearl Harbor, F.B.I. agents started rounding up aliens and have continued at intervals since, until more than 500 Japanese men are believed to have been removed to concentration camps.

Members of their families, in some cases citizens who were born in this country, remained, however.

Although a number of families moved out voluntarily, more than half the original Japanese colony still is intact.

PROHIBITED AREAS

Meanwhile, the deadline for all enemy aliens to move out of certain prohibited areas in the Los Angeles district is at midnight tonight. After that hour, any enemy alien remaining in such areas faces internment for the duration of the war.

The deadline for removal of such aliens from restricted areas, including that around the Municipal Airport, is Feb. 24.

OFFICES SET UP

In this connection, the social assistance division of the Social Security Board has set up nine offices throughout the county to advise, and in some cases aid financially, aliens who are faced with hardships in complying with the removal order.

Headquarters for this service is at 623 E. Eighth St., Los Angeles, and branch offices are located in San Pedro, Inglewood, Santa Monica, Huntington Park and elsewhere.

Headquarters reported that requests for assistance were beginning to come in yesterday as the deadline approached. Many of these are from German or Italian aliens, it was said.

Federal Agencies Instructed to Co-operate
in Aiding Resettlement Problem of Army

BY KYLE PALMER
Times Staff Representative

WASHINGTON, Feb. 21.—Actual start of large-scale evacuation of American-born Japanese from defense areas on the Pacific Coast as provided in an executive order yesterday by President Roosevelt will depend upon the rapidity with which resettlement accommodations can be made available.

Inquiries today in various departments of the government indicated that this phase of the program for preventing widespread sabotage in West Coast areas has not crystallized.

Studies are being conducted by the Department of Agriculture, the Social Security Administration, the Works Progress Administration, the Federal Works Agency, and various other government divisions that have been asked to co-operate.

DEPENDS ON JAPS

One of the important aspects of the situation involves the attitude of the Japanese themselves, whether they will regard their plight as inescapable under the circumstances and thus aid in the solution of their problem, or will resent the procedure and merely submit to it passively.

Should the first reaction prove

to be general among the evacuees, it is felt that the problem of the government will be greatly simplified and the difficulties of the Japanese greatly lessened.

Coincident with plans for moving those affected by the President's order giving the Army authority to evacuate citizens as well as aliens from designated military areas, preparations were made to conduct the proceedings with due regard for the welfare and the sensibilities of the evacuees.

HELD MOSTLY LOYAL

It is recognized, government officials say, that the great majority of citizens of Japanese ancestry are disposed to be loyal to the United States. This is held to be true even of many who take pride in their racial heritage.

Necessity for the removal of the loyal along with those who are actually disloyal, or who might become disloyal under certain conditions, however, should be obvious to all concerned, it is argued.

It is admitted that insufficient attention has been made to the matter of eliciting the voluntary assistance and co-operation of leaders among the American-born Japanese, but this oversight is to be corrected through conferences and through information to be furnished by government bureaus.

ORDER APPROVED

Comment by West Coast legislators on the President's order continued in a favorable vein today, generally accompanied, however, by inferences that the action had not come too soon and that it may prove abortive if the Army fails to move with expedition.

Senator Holman (R.) Or., not only approved the disciplinary action as contemplated for citizens of Japanese lineage but commended it.

"The time has come," he said, "when all of us—Senators, reporters and everybody else—must submit to discipline for the good of the nation. We must start a 'cleanup' campaign of people, both aliens and Americans, who are not with us in our war effort."

"It is only through discipline on the West Coast that we can protect our people and our industries there."

PRESSURE FROM PEOPLE

Giving little direct credit to administration officials for the evacuation plan, Senator Bone (D.) Wash., approved and commended the President for taking action, saying, however: "I believe that it came as a direct result of the demands made by the people of the West Coast for increased protection and also as a result of our experience at Pearl Harbor."

An administration supporter, Senator Downey (D.) Cal., expressed "heartily indorsement" of the evacuation order, but said he knew of no single instance of definite sabotage on the Pacific Coast since the beginning of the war.

Members of the House from West Coast States have adopted a watchful-waiting policy toward the Army, now that the War Department and not the Department of Justice is given responsibility for solving the Japanese residence problem in defense areas.

They express a determination to "start swinging again" if early action is not forthcoming.

200 Japanese Rounded Up by FBI In Guadalupe, Santa Maria Raids

Radio Sending Set, Several Guns Seized

Agents to Nab
More Aliens
Today, Report

The Pacific coast's second largest enemy alien raid was conducted yesterday in the Santa Maria-Guadalupe area when more than 200 Japanese nationals were taken into custody.

Working from before dawn to late at night, 50 FBI agents supplemented by men from sheriff, police, state and military forces systematically combed the northern part of the county for wanted aliens. When the day was over they had sent 193 Japanese to Santa Barbara to be transferred to immigration officers and were holding approximately 15 in the Santa Maria jail to be sent south today.

MORE RAIDS SEEN

Indications the raids would continue today were seen when local sheriff's officers reported that they would remain in Santa Maria overnight. It is also known that the FBI has a list of 360 Japanese wanted in this county and while it is believed that some have left for other parts of the state it is expected that many still remain.

Only raid which netted more aliens was one conducted on Terminal island in which 319 Japanese were taken into custody.

While R. B. Hood, FBI director in Southern California, who led the raid, said little contraband was taken, it was authoritatively reported that at least one radio transmitter was confiscated as well as several guns.

STRIKE AT 6:30 A.M.

FBI agents came in groups to Santa Barbara Tuesday night and registered separately at various hotels. At 6:30 a.m. yesterday they met with local officers in Santa Maria and the raids commenced. Santa Maria and Guadalupe were the centers of the raids and the Japanese seized included merchants, professional men, vegetable growers and laborers.

All those seized were taken to Santa Maria, where they were placed in army trucks and sent to Santa Barbara. Awaiting them in the sheriff's office were FBI and immigration officers who searched the men and asked them questions as to age, residence, occupation, etc. They were then placed on buses to be taken to detention camps near Los Angeles. There the cases will be thoroughly investigated and those held will probably be shipped to a mid-western concentration camp.

Jap Influx Here Stirs Demand

Sudden influx of Japanese aliens into northern Santa Barbara county caused District Attorney Heckendorf Monday to demand federal and army officials to take action to protect the local area.

The Japanese coming into the county are evidently those leaving areas ordered evacuated or areas in which severe restrictions have been placed on the movements of alien enemies, it was stated. Santa Barbara county is not included in the federal order which made a restricted zone of most of the California coast.

"Two weeks ago we presented to army and justice department officials a map showing the location of Japanese in the county," Heckendorf said. "At that time we were informed that the boundary of the restricted zone would be extended to include Santa Barbara county."

"This has not been done and we now have Japanese from other parts of the state converging on our county. This problem cannot be handled by state or county authorities, it is up to the army or the department of justice."

Heckendorf Monday contacted army headquarters in San Francisco and the justice department in Los Angeles and demanded that action be taken immediately.

20 More County Japs Interned

Twenty Japanese aliens were sent to Los Angeles area detention camps yesterday from Santa Barbara bringing the final total to 264 taken into custody in the county in the three-day long series of raids.

On Wednesday a total of 193 Japanese were turned over by FBI agents to immigration officers. All these came from the Santa Maria-Guadalupe area. On Thursday another 60 were placed in the custody of immigration officials. Forty-nine of these came from Santa Maria, Guadalupe and Lompoc and 11 from the Santa Barbara city area.

On Friday, 11 more Japanese were seized in the northern part of the county and they were turned over to immigration officials yesterday.

The raids were conducted by 50 FBI officials with the cooperation of sheriff, police and highway patrol officers.

Officers Finish Japanese Raids

An end to the current raids on Japanese aliens in Santa Barbara county was seen yesterday as local officers returned from the northern part of the county and FBI agents left for other areas.

Total seized will run to approximately 260. Of this number, 253 were arrested in the first two days of the raids and five were seized yesterday in the Guadalupe area. An undetermined number were taken into custody yesterday in the Santa Maria district.

Of the 253 caught Wednesday and Thursday all but nine have been sent to Southern California detention camps. Here they will be given hearings before three immigration officers and, if they are held, will probably be sent to midwestern concentration camps.

The nine now in the county jail are expected to be sent south today. All of those seized came from the northern part of the county, with the exception of 11 taken in the Santa Barbara area.

Whereabouts of those taken into custody yesterday in Santa Maria and Guadalupe was not known locally.

21 Aliens Seized In Lompoc Area

LOMPOC, Feb. 21—Twenty-one Japanese aliens in the Lompoc area were taken into custody Thursday by FBI officers and Chief of Police William Peterson. The raids began Thursday about 9:30 and continued throughout the day.

Careful searches of the homes of the arrested persons were made, but no contraband was seized as it had been turned in to the police station previously. Names of the aliens seized are not available. However, it is believed that most of them were prominent in the Japanese colony and two were active as merchants in Lompoc.

Japanese Head For L.A. Camps

253 Arrested in
County Raids

Santa Barbara county's latest contingent of Japanese aliens seized by FBI agents were to leave by bus Friday for detention camps in the Los Angeles area.

The group, 60 in all, will bring the total to 253 Japanese from this county who have been turned over to immigration officials since the swift-moving raids started Wednesday morning. The last group represent 49 arrested Thursday in the Santa Maria, Guadalupe and Lompoc areas and 11 taken into custody in the Santa Barbara area.

Late Thursday night an army truck loaded with contraband seized from the Japanese pulled up at the sheriff's office and was immediately dispatched to a unknown destination.

A few more arrests were expected today and tomorrow as a handful of FBI officials plus local sheriff's officers remained in the Santa Maria area overnight. It was reported "they have a little cleaning up to do."

In addition to the nine Japanese arrested in the Santa Barbara-Montecito section Thursday morning, police and federal officers took two in custody Thursday afternoon. They were Kinzo Furukawa, 65, of the Child estate, and Hambei Nakayama, 51, of 34 South Voluntario street.

FBI SEIZES 200 ALIEN JAPS IN NORTHERN COUNTIES RAID

Agents of the FBI, employing soldiers, police and deputy sheriffs, yesterday arrested more than 200 alien Japs in San Luis Obispo County and in the Santa Maria Valley of Santa Barbara County.

Resulting in the second largest number of arrests of any raid so far, it was a lightning-like continuance of FBI strokes which started at the Los Angeles waterfront early last week and spread this week into the San Francisco-Sacramento sector.

The largest number of arrests, more than 400, came from the raid on Terminal Island, Los Angeles Harbor.

The Santa Barbara County roundup was launched as officials there were sounding alarm against increasing sabotage and espionage danger, due to the fact hundreds of alien Japs evacuated from prohibited and restricted zones had flocked into the Santa Maria Valley.

Influx Alarms Ventura County

And in Ventura County, that same "influx" gave cause for alarm to officials there. District Attorney M. Arthur Waite, preparing a report for the Congressional committee to open the alien investigation hearings Saturday, said:

"Japanese in Ventura County could do damage in one night which would take a year to restore."

His assertion came after the Ventura County Defense Council, of which he is coordinator, adopted a resolution urging "that the Government get hard boiled, forget politics and take immediate steps to remove all Japanese, aliens and otherwise, from an area within 200 miles of the Pacific shores."

Waite said he had "evidence Japanese storing explosives in their properties" but would not disclose the nature of his evidence.

District Attorney Percy Heckendorf at Santa Barbara Tuesday night telegraphed Lieutenant General John L. DeWitte of the Western Defense Command at San Francisco that developments of the preceding 24 hours called for immediate action.

Yesterday's raids were directed by R. B. Hood, agent in charge of the Los Angeles FBI district.

By late afternoon the raids were covering nearly all of southern San Luis Obispo County and northern Santa Barbara County.

A number of German and Italian aliens were seized.

The Santa Maria Valley is thickly populated by Japanese farmers and in many of the towns Japanese business men occupy positions of importance in Chambers of Commerce and other civic associations.

20 Aliens Seized in Oso Flaco Area

In San Luis Obispo County it was reported that Sheriff Murray C. Hathway, at FBI direction, took 20 aliens from the Oso Flaco district, a rich agricultural area.

Hathway said arrests in both counties might total 250 by this morning. Little contraband was being seized in San Luis Obispo County, but in the Santa Maria Valley officers reported many Japs in possession of forbidden firearms, cameras and short-wave radio sets.

This is the telegram which District Attorney Heckendorf sent to General DeWitte:

"Acting on behalf of the local defense council, I am advising you there is imminent danger of sabotage from Japanese in the Santa Barbara County area surrounding local military establishments. The defense council demands that, in view of developments in the northern part of the county in the last 24 hours, immediate action be taken by your command to remove the danger. In the absence of such action we will hold your command strictly responsible."

S. F. Reports Japs Moving Inland

In Northern California raids were made in Placer, Yuba and Yolo Counties, and 25 Japanese homes and establishments were visited by squads in Marysville, near Sacramento.

San Francisco reported thousands of Japanese were moving into inland centers, but Montana and sections of other states protested use of their land as "dumping grounds" for the refugees.

March 9 and 10 were announced as the dates for Los Angeles hearings of a special House committee, now on its way from Washington to San Francisco, to study West Coast alien enemy control plans.

Speaking in the House yesterday, Representative Angell of Oregon urged that all Japanese, alien and American-born, be removed from strategic areas.

At San Jose, Major General

Robert C. Richardson Jr., Army Corps commander, declared, "We are not so strong now as to take any chances whatsoever," but he did not advocate outright evacuation.

Six days remain for enemy aliens to remove from 72 prohibited zones in California, including three in Los Angeles County, one being a 32-square mile strip including the Municipal Airport, and many war plants and running to the sea. Fifteen Los Angeles County zones were evacuated of enemy aliens last Sunday.

The deadline for the rest is midnight next Tuesday.

Alien Movements to Be Restrained

At that time also movements of enemy aliens in the entire Northern California coastal area will be sharply restrained under a restricted zone proclamation.

Declaring "public hysteria is beginning to set in," the Rafu Shimpō, or Los Angeles Japanese News, yesterday called for a mass meeting of Japanese-Americans tonight, with Japanese aliens invited.

Togo Tanaka, American-born editor of the paper, said the FBI, the Army and Navy intelligence services and civic authorities had issued permits for the meeting, which will study the acute position of Japanese here under steadily increasing enemy alien control pressure.

The meeting is to start at 7:30 tonight in the Maryknoll Auditorium, 222 South Hewitt street.

More than a dozen Japanese-American organizations, including Christian and Buddhist societies, were listed as sponsors of the meeting.

Paper Proclaims Loyalty of Nisei

"Every loyal Nisei (American-born Japanese) knows we have not been derelict in our duty to America," the Rafu Shimpō said. "We are doing our full share in the war effort to smash the Axis."

As the call for the meeting was issued, County Manager Wayne Allen telegraphed Representative Leland Ford that the Rafu Shimpō, which appears daily in the proportion of two pages in English to six in the Japanese language, was still publishing.

Ford has advocated total evacuation of Japanese, alien and American-born, from the West Coast.

Navy Takes Court Action to Seize Terminal Isle Land

Strip Now Occupied by Japanese Families
Adjoins Important Activities of Sea Forces

Moving to forestall any possibility of sabotage or espionage, the Navy yesterday filed legal proceedings in Federal court to take immediate possession of a strip of land on Terminal Island fronting on the Naval Operations Base and Reeves Field, Fleet air base, which is occupied chiefly by Japanese.

U. S. Atty. William Fleet Palmer and Irl D. Brett, special attorney in the lands division of the Department of Justice, filed a condemnation complaint before United States District Judge Harry A. Hollzer for acquisition of approximately 40 acres of land on Terminal Island, described as "in Long Beach and Los Angeles between Ocean Ave. and Seaside Ave."

NAVY OFFICERS PRESENT

Accompanying the Federal attorneys to court were two high-ranking naval officers who declined to disclose their identity or the purpose for which the proceedings were filed.

Judge Hollzer issued an "order for taking," which will permit the Navy to occupy the area at once, after \$300,000 bond had been posted to pay for the land when the value shall have been assessed.

The complaint was filed at the instance of the Secretary of the Navy and points out that "because of extreme existing emergency, the plaintiff is unable to set forth the exact and correct legal description of some of the property included in the action."

Notices to vacate already have been served on such defendants as could be found and notices were posted throughout the district.

JAPANESE RESIDENTS

Roughly, the area to be taken over comprises a strip varying in width from one to two or more blocks from a point near

the ferry terminal on Terminal Island, in Los Angeles, to the Los Angeles River channel on Terminal Island in Long Beach, a distance of nearly two miles.

This property is occupied largely by Japanese residences and business houses, in which a number of American-born Japanese and many persons of other nationalities still reside or work.

The court was asked also to assess the value of the individual property so that the defendants can be reimbursed for the land.

COAST ALIEN BAN FACES EXTENSION

Evacuation of Army-designated "prohibited" areas may go far beyond existing orders applying now to enemy aliens alone.

Enemy Alien Control Coordinator Tom C. Clark said yesterday before boarding a plane for Washington, D. C., that he will recommend:

"That all persons who are deemed inimical to the defense efforts be removed from vital areas already designated; and from such additional vital areas as may later be designated by the War and Navy Departments."

He said he will make the recommendation Monday to United States Attorney General Francis Biddle and War Department officials and will recommend further "the use of such emergency orders as are necessary for immediate results."

FURTHER MEASURES ASKED

It was the first indication that the Army and Navy, whom Clark concedes to be the agencies dictating the protection of war industries and military bases, are not satisfied with "enemy alien" evacuations alone.

Clark said that he is carrying to Washington, for showing to Biddle and the War Depart-

ment, a presentation of the Japanese situation on the West Coast as he has seen it during his two weeks as enemy alien coordinator for eight Western states.

Elaborating, he said:

"We find that we must deal with some 266,000 to 300,000 aliens and children of aliens in California alone, of which some 93,000 are Japanese.

"Our best guess today is that in prohibited areas of California, many of which will be evacuated by tomorrow night, there are 33,569 alien Japanese; 71,727 alien Germans, and 100,900 alien Italians.

NO SABOTAGE WORRY

"I am not much worried over the sabotage efforts of Japanese in these critical western prohibited zones.

"After all, to sabotage you have to have something to sabotage with; and the FBI has been cleaning up possible instruments of sabotage quite effectively.

"The biggest danger from alien Japanese is their espionage menace—what they might see and hear and pass on to others to do our enemies the most good.

"For that reason, I believe that alien Japanese and possibly many American-born Japanese should be located in some centralized area, perhaps in California but well away from where they might see what is going on, and there be made available for useful work on farms or on Government-sponsored work projects.

WOULD AFFECT CROPS

"In the face of a great deal of talk about moving Japanese out of California entirely, we've got to realize just what that would mean in the way of disrupting agriculture.

"We have found that 70 per cent of the entire nation's vegetables are produced in this state, and that 38 per cent of all vegetable crops grown in California are grown by Japanese."

Clark said that already his office has received numerous requests from farms for the names of Japanese leaders who might induce countrymen, evacuated from prohibited areas, to relocate in areas where labor shortages are being felt.

Clark insisted, however, that he has no intention of permitting the relocation of Japanese in farming areas in a manner that will enable farmers to create a "cheap labor market" and interfere with local labor economies.

Huge Cal. Roundup Of Japs

In a series of lightning moves against potential saboteurs the government today began the most extensive roundup of Japanese aliens in the state's history and seized possession of Fish Harbor and 40 acres of surrounding territory on Terminal Island under a condemnation writ.

Hundreds of aliens had been rounded up late today, and indications were that the number might reach into the thousands.

As the government struck on many fronts, Congressman John H. Tolan of California, opening alien problems hearings in San Francisco, declared that "it is practically certain the Pacific Coast will be bombed."

"It is practically certain also," he said, "that we will have to evacuate hundreds of thousands from the West Coast, and should set up federal agencies to meet the problem."

The entire force of the Federal Bureau of Investigation here with scores of local sheriff and police officers, armed with presidential warrants, raided Japanese settlements from Tehachapi to the Mexican border. Simultaneously forces working out of northern California F. B. I. offices ex-

tended the roundup to the Oregon line.

Dozens of suspects were brought to the immigration station on Terminal Island; others to the sheriff's Vermont substation out of which nine carloads of deputies and F. B. I. men were working in a cleanup of Japanese settlements in 10 county towns, including beach cities.

The county jail made ready to receive 200 suspects for temporary detention. As fast as the aliens were arrested they were taken to sheriff's substations nearby and then transferred to the jail. First group of nine to be checked in at the jail included three women, one of whom was Fuki Hoshiyama, 44, Japanese school teacher, of 1925 Federal street, West Los Angeles.

Here as elsewhere the raiders seized war contraband cameras, radios and firearms but it was not announced whether definite links between those arrested and their fatherlands were discovered. In northern California it was said some of the suspects had given aid to Japanese consulates in providing funds for the Japanese army and navy.

In San Diego 35 were arrested in the first sweep of the broom; the number seized in the initial roundup in northern California was 54. There German and Italian, as well as Japanese nationals, were being taken in custody.

Raids also were being made around Phoenix, Ariz., indicating that the entire coast is being cleaned of potentially dangerous aliens. Generally the raiders were combing a strip 100 miles inward all along the coast.

FISH HARBOR

The seizure of Fish Harbor was but the first of a series of condemnations actions to take federal possession of the whole of Terminal Island, it was said.

Special assistant United States attorneys, accompanied by high-ranking naval officers, appeared before Federal Judge Harry A. Hollzer and obtained the Fish Harbor condemnation order so as to rid the area of aliens and develop it for fleet basing and service facilities. They deposited \$300,000 with the court to compensate owners, who included the city of Los Angeles and almost 100 private citizens.

Meanwhile, Congressman Tolan of California, heading the House Committee on Defense Migration, at the hearings in San Francisco made the statement that the Pacific Coast "is in danger, both from without and within; in danger of attack by the enemy and in danger of Fifth Columnists among us."

PROPERTY CUSTODIAN

He suggested that an alien property custodian be named for the west coast immediately and that he be on the job by Tuesday to facilitate evacuation of potentially dangerous persons.

Attorney General Earl Warren declared to the committee that the country's greatest menace from Fifth Column attack comes from American-born Japanese.

"American-born Japanese," he testified, "are a menace because many of them have gone to Japan for a large part of their education and have been indoctrinated with Japanese ideas of imperialism and the religious fanaticism which surrounds the emperor. There are many American-Japanese who speak very little English."

FBI Continues
'Mop Up' Raids;
Others Set Today

Total of Japanese aliens seized in Santa Barbara county raids conducted in the last 48 hours by FBI officials was raised to 253 yesterday with the arrest of 11 Japanese in the Santa Barbara area and 49 more in the northern part of the county.

One army truck loaded with contraband pulled up late last night at the sheriff's office but was immediately ordered to proceed to an unknown destination. A few guns, cameras, knives and one radio transmitter were reported seized.

HELD IN JAIL

The 60 taken into custody yesterday were held overnight in the county jail and were scheduled to be taken to Southern California detention camps some time today. The 193 captured in the first day's raids have been taken south with the exception of one who has been detained for further questioning by FBI officers before being turned over to the immigration department.

A few more arrests are expected today and tomorrow as a handful of FBI officials plus local sheriff's officers remained in the Santa Maria area overnight. It was reported "they have a little cleaning up to do."

LOCAL ALIENS SEIZED

The local aliens, most of them gardeners and janitors, were booked in the city jail as "en route to immigration officers." It was believed they, like those rounded up previously, would be sent to detention camps for further investigation and possible internment.

The same type of presidential warrant used in previous seizures was employed by the officers working under FBI direction.

THE RESIDENTS

Japanese arrested here today, all of whom claimed more than 30 years residence in United States and most of it in Santa Barbara and vicinity, were:

Alien Roundup Nets 500 More

Majority of Those Arrested Reported Members
of Nationalistic Societies and Raiders
Find Guns, Dynamite, Radios and Other Devices

More than 500 enemy aliens—at least 200 of them in the Los Angeles area—were jailed yesterday on the Pacific Coast and in Arizona as the Federal Bureau of Investigation conducted its most sweeping raids of the war in an attempt to ensnare leading representatives of foreign secret societies.

The F.B.I. agents, aided by police, county officers and State highway patrolmen, scoured foreign sections of virtually every city on the coast in a day-long drive which apparently was continuing in some quarters last night.

While arrests in the Southern California area were confined almost entirely to Japanese, nearly half of those imprisoned in the northern part of the State are Italians. A few Germans also are held.

The widespread plan of these heavy raids as indicated by F.B.I. agents was to arrest representatives of foreign societies. In the Southland certain Japanese nationalist groups were hard hit, while San Francisco Italians who are said to belong to an organization with headquarters in Rome were placed in custody.

CONTRABAND FOUND

In virtually all parts of Southern California where the raiding parties struck, the Japanese were imprisoned on immigration charges awaiting action by the F.B.I.

A number of aliens throughout the State were found in possession of forbidden goods—guns and ammunition, cameras, binoculars, flashlights, radios and alien flags.

In neighboring Arizona, where the raids also took a toll, a cache of dynamite consisting of 75 sticks and 45 dynamite caps was found.

The list of Japanese taken in various Southland cities showed that those arrested were mostly older men, many being past 60.

One of the busiest groups in the Los Angeles metropolitan area was a party operating from the Sheriff's Vermont Ave. substation, with Capt. Ray L. Bergh heading Sheriff's deputies who flanked the F.B.I. agents.

Twenty-four Japanese aliens were taken in custody by this group. The area covered included Gardena, Lomita, Torrance, Redondo and other Southwest areas of the city. Many of those booked are said to be members of Japanese secret societies contributing funds for the Japanese army and navy and serving as

unpaid, volunteer espionage agents.

One of those arrested in this region was Eisaku Tanaka, 41, 15912 S. Western Ave., Lomita, who was listed as secretary of the Japanese Association of Gardena Valley, a group disbanded recently.

The contraband taken by the Vermont substation raiders included several cameras, some shotguns, rifles and pistols.

Following the day of action in Los Angeles County, the F.B.I. estimated that "more than 200" had been booked in this area. Elsewhere in the Southland there were at least 75 arrests.

LONG BEACH RAIDS

In Long Beach the F.B.I. agents and police, who acted under Capt. Walter Lentz, chief of the detective bureau, had 27 Japanese in custody at the end of the day.

Long Beach raiders brought in a short-wave radio set from one of the homes visited.

Raiding parties in inland cities struck heavy blows. San Bernardino had seven alien Japs—all said to have been identified with a secret society—in the County Jail, while Santa Ana's Orange County Jail held 12 more aliens awaiting the F.B.I.'s action.

RETIRED NAVY OFFICER

San Diego F.B.I. and naval intelligence agents arrested 35 Japanese aliens whom they called "leaders of Japanese nationalistic societies." Large quantities of contraband were seized.

Harold Nathan, F.B.I. chief in that area, said that the Japanese arrested were not "merely rank-and-file members; they are all leaders in Japanese nationalistic societies."

One prisoner was identified as a retired Japanese naval officer.

Raids extended all along the Pacific Coast. More than 50 aliens were arrested in the Seattle area and Oregon reported 12 in custody.

FBI Jails Hundreds of West Coast Japs

American-Born in Net With Italians and Germans

Striking deep in search of the roots of a branch of the Black Dragon Society, powerful and semi-official Japanese reactionary organization which for 20 years has clamored for war with the United States, FBI agents yesterday directed along the entire West Coast the biggest mass roundup of suspects since the start of the war.

Raids took place in more than 40 communities and prisoners mounted to hundreds.

For the first time, American-born Japanese felt the force of a Government wartime order.

Forty acres of Terminal Island, which before the Pearl Harbor attack, housed the largest of this county's Japanese colonies, were ordered cleared of all Japanese, aliens and American citizens as well.

FIRST ACTION OF KIND

In so far as it affected the American citizens, it was held to be perhaps the first action of its kind in the history of this democracy.

More than 175 Japanese aliens, with many Germans and Italians reportedly representing European Axis-front secret societies linked with the sinister 'Black Dragon, were arrested in Los Angeles County, and indications were the raids would continue through the weekend.

Hundreds of additional

suspects, Japanese predominating over Germans and Italians, were arrested throughout the state, and 61 Japanese were in jail at Phoenix, found in possession of dynamite, rifles, ammunition, cameras, shortwave radio sets and bayonets.

JAIL ITALIANS, GERMANS

In Los Angeles and from other major points of the state came reports that the agents were serving warrants on Italians belonging to a Fascist secret society with headquarters at Rome, on Germans affiliated with the German labor front, headed at Berlin by Dr. Robert Ley, high in the council of the Nazi party.

They are said to have aided the Black Dragon Society, which appears under dozens of names of Japanese patriotic societies and "good will" institutions, in raising funds for the Japanese army before Japanese finances in this country were frozen.

Since then the supposition has been that they have maintained liaison with potential Japanese saboteurs.

SEEK DRAGONS' ROBES

Everywhere the officers searched Japanese wardrobes for the distinctive robe of the Black Dragon—a black hakama, or dress kimono, with a circular white crest the size of a salad plate on the back.

Premier Tojo, former Premier Hirota, former War Minister Araki and others high in the Japanese government are known members of the Black Dragon, which sent propagandists throughout the world, contributed teachers to Japanese language schools and planted spies everywhere.

In Los Angeles County, FBI agents surprised police and deputy sheriffs by appearing at day-break at all stations, presenting hundreds of presidential warrants for serving.

Hundreds of the civil constabulary were engaged in the task by noon, each raiding squad accompanied by an FBI agent.

Director general of the sweep was Richard B. Hood, agent in charge of the Los Angeles FBI offices, who yesterday accompanied to Los Angeles more than 100 Japanese arrested in earlier raids in Santa Barbara and San Luis Obispo Counties.

The internees from the North were placed in the Los Angeles County jail pending removal to Montana and North Dakota internment camps, and soon they were joined by scores of Japanese, with the inevitable sprinkling of Germans and Italians, arrested in the new local raids.

Soon hardly a jail or a Sheriff's sub-station in the county was without a quota of enemy alien prisoners.

Thirty were in the city's central jail.

While the raiding forces were deployed everywhere through the county, and with similar squads likewise busy from the Canadian

border to the Mexican line, the department of Justice acted in the Federal Building with this announced purpose:

"The clearing of every Japanese out of Terminal Island at Los Angeles Harbor."

UNPRECEDENTED WRIT

Acting for the Navy, Irl D. Brett of the special land division of the Department of Justice obtained from Federal Judge Harry Hollzer an unprecedented condemnation writ of immediate possession of the 40 acres of the island holding the Japanese colony, the Southern California Japanese Fishermen's Association headquarters, the Japanese fishing fleet base known as Fish Harbor, and the Van Camp's Sea Food Company. The land adjoins the Navy Operating Base and the Navy Air Base.

It was explained that Judge Hollzer derived his power to evict even American citizens from their homes from the Federal Court's general discretion in protecting national defense.

Officials said similar action was contemplated soon, covering the shore of Los Angeles Harbor, including Long Beach and San Pedro.

2000 FAMILIES AFFECTED

The Terminal Island order immediately affects 2000 families.

The evacuation will begin Monday, when, it was promised, the War Department will have found places for the evacuated Japanese to relocate.

In the hearing before the issuance of the order, Judge Hollzer took secret testimony from Captain Richard B. Coffman, commandant of United States Navy operations in Los Angeles Harbor. The transcript of the testimony was "sealed."

It was announced the Government had posted \$300,000 to cover condemnation awards in the 40 acres when condemnation boards announce their estimates.

The Navy a week ago was given authority to condemn the land held by Japanese, and issued a 30-day notice to the Japanese to vacate.

Yesterday's court order made the action immediate and reportedly reflected realization of Government officials of the vastly discussed Japanese internal menace on the West Coast.

The record-breaking roundup of suspects was attended by an ominous sentence at San Francisco from Congressman John H. Tolan of Oakland:

"It is practically certain that the Pacific Coast will be bombed."

Tolan is chairman of a congressional committee which yesterday opened hearings at San Francisco on enemy alien control matters, including colonization of internees in the interior.

To his remark as to bombings Attorney General Earl Warren added the statement that the "country's greatest menace" lies in attacks from American-born Japanese.

In all parts of the state the raiders confiscated radios, cam-

eras, firearms, ammunition, binoculars and code books — all contraband articles under Government wartime orders.

The F. B. I. offices in Los Angeles were deserted except for clerical workers. Every agent was in the field.

112 SEIZED AT S. F.

One hundred and twelve German, Italian and Japanese nationals were seized in the San Francisco area.

Through the day and night the northern section of the state, where most Italians live, saw the possibility that Italian arrests might outnumber Japanese there.

San Francisco officers entered the North Beach district in force. The North Beach sector is known as "Little Italy."

Fourteen squads of raiders held eight German and four Japanese aliens after a day of raids in which short wave radios, firearms and a signaling device—not further identified—were seized.

There were 50 arrests at Seattle. Dynamite was among the contraband.

Twenty-five arrests were made at San Diego, already the scene of heavy raids to sweep that vital strategic area free of all enemy aliens.

Seven Japanese were seized in the initial raids at San Bernardino. All had been in business there more than 20 years, and were arrested after they had been under surveillance several weeks.

Forty officers took the field in the Long Beach area. The

first group of internees delivered to jail numbered 17, 10 more were added later.

In many cases the raiders found that wanted Japanese had moved from addresses furnished within the last few days.

Some of the Long Beach Japanese gave odd names, a number using names of obscure Japanese towns. One said he was Denki Hibashi, which in Japanese means "electric stove."

Prisoners in the Los Angeles county jail included Suehiko Kamei, 54, who said he was a preacher. Another listed himself as a "missionary worker." Three women included a school teacher, Fuki Hoshiyama, 1925 Federal avenue, West Los Angeles.

Since the start of the war many priests of Shinto temples and instructors in Japanese language schools have been sent to an internment camp near Bismarck, N. D.

The county jail became congested late in the day, as new groups of prisoners poured in from outlying points in the county. The same procedure was followed in the case of all. First they were fingerprinted and photographed. Then they were questioned by a detail of FBI operatives. Then they were

turned over for interrogation to immigration inspectors.

If the FBI and immigration agents were satisfied any prisoner was innocent, they were empowered to turn him loose.

None had been freed by nightfall, and it was understood that no arrests were being made unless the subject had been under secret surveillance since the war started.

It was stated the raids were not in connection with the Army's new authority, under executive order, to set up areas from which anyone, citizen or alien, could be ousted.

The Vermont avenue substation of the Sheriff's office, commanded by Captain Ray Bergh, alone received 23 Japanese aliens by nightfall. They were taken from the vicinity of a prohibited zone established around the Municipal Airport, the North American Aircraft Factory, a number of other important war plants and the Redondo stretch of shoreline. Five of the Japanese came from Redondo.

POLICE AIR FBI IN GIGANTIC ROUNDUP

A gigantic roundup designed to net 500 Japanese aliens was sprung suddenly and wittily just before dawn today on Terminal Island, vital naval center in Los Angeles harbor.

More than 150 G-men, police detectives and deputy sheriffs in plainclothes, moving with careful co-ordination and timing, swarmed onto the long island armed with "presidential warrants" from Washington, D. C., and began taking the Japanese fishermen and cannery workers into custody from their homes clustered about Fish Harbor.

The alien Japanese will be held under the presidential warrants pending hearings before enemy-alien boards, according to J. W. Vincent, assistant chief of the Federal Bureau of Investigation, who was in charge of the drive.

Later, he said, those aliens whom the boards do not release will be given "an opportunity to decide between leaving the country and being interned for the duration."

The aliens were booked as "en route to the Immigration Office." Vincent said this latest and most dramatic move to combat the danger of Fifth-Column sabotage and espionage was "the result of a carefully planned and well-thought-out program."

As the roundup got rapidly under way, the drawbridge to the island was raised to prevent escape to the mainland of any of the aliens scheduled to be taken into custody.

Tension and drama marked the move on Terminal Island, site of the old naval air base in Los Angeles harbor.

Continued on Page 2, Column 6

cluding its seaplane landing, and location of an Edison Co. power plant and numerous shipping docks. Approximately 2100 Japanese live on the island, about 800 of them aliens. Nearly all the Japanese are either cannery workers or members of the Japanese fishing fleet, and a public rumor often has had it that Japanese naval officers in innocent disguise were members of that fleet.

In today's raids an F. B. I. agent would rap on the door of a fisherman's tiny house accompanied by two other officers, either police detectives or sheriff's deputies. Asking for the person named in their warrant, they would walk inside, wait until he had dressed, bring him out and put him in an automobile.

WEeping WIFE

A Mrs. Saito leaned out the door of her cottage and wept loudly as her husband was led away, not knowing where he was being taken or when he would return. The scene was typical as families were separated by wartime's harsh precautions.

One door was opened by a tiny youngster in response to the knock of officers, who asked, "Where's papa?"

"He's asleep," said the child.

"That's all right, we'll come in," said the officers, entering as they spoke.

The officers awakened their man and waited while he ate breakfast.

OMINOUS ATMOSPHERE

Officers about to undertake the roundup stood in knots on street corners, and Japanese youngsters walking to school looked them over apprehensively, knowing something ominous was in the air.

The tiny wooden homes of the Japanese are so crowded together there is barely room to walk between on the narrow brick alleyways in some sectors. The structures have their backs to the streets and their fronts face together across the narrow passageways.

Seeing a man who might be a Japanese alien on the street, officers would tell him to go home and wait. As the raids progressed, American fishermen nearby went calmly ahead cleaning their nets.

Only men were taken into custody, and Japanese women and children were told to remain in their homes.

The roundup apparently was the government's answer to the question—"What's to be done about Terminal Island?"—which has arisen since enemy aliens last week were ordered ousted from 13 "prohibitive zones," not, however, including Terminal Island.

CAREFULLY PLANNED

The move was carried out with precise teamwork and careful, secret preparation by the arresting officers.

Police and sheriff's deputies were called in to aid in the roundup by agents of the Federal Bureau of Investigation.

Ninety police detectives met at their Los Angeles City Hall headquarters before dawn and commanded by Inspector Bruce Clark and Capt. Vern Rasmussen were dispatched, two to a radio car, to Terminal Island.

Harold - Examiner

2/2/42

30 PICKED DEPUTIES

Thirty picked deputy sheriffs congregated at 5:30 a. m. at the Hall of Justice and shortly afterward left for the same destination under direction of Capt. P. M. Kunou. Their only weapons consisted of sidearms.

The officers had instructions to meet the federal agents at the following Terminal Island locations:

The 200 block on Pilchard street.

The Immigration Station.

The 600 block on Barracuda street.

The 200 block on Terminal way.

The 100, 200 and 300 blocks on Cannery street (a concentrated Japanese residential row to which no less than 60 detectives were sent).

Others went to the San Pedro police station.

SOME TO L. A. JAILS

Officers said all the aliens for whom there was room would be taken to the Terminal Island Immigration Station and the rest brought to Los Angeles, to be booked at the city and county jails.

F. B. I. agents were led by their local chief, Richard B. Hood.

The raid was launched on the

~~same day~~ that all enemy aliens —Japanese, German and Italian —must start applying at the registration office at Twenty-second and San Pedro streets in Los Angeles for identification certificates. All enemy aliens 14 years of age or older must apply this week between 9 a. m. and 9 p. m.

Meantime it was reported that Army patrols now on guard in some Los Angeles districts from which enemy aliens must move may be extended to all such local areas.

Thirteen districts here had thus been set aside by the Department of Justice as "prohibitive zones," but little exodus of enemy aliens had been reported thus far.

Areas which must be cleared of enemy aliens by Feb. 15 include sections in the Los Angeles and Vernon manufacturing regions, Long Beach, West Hollywood, Southwest Los Angeles, Downey, Huntington Park, North Hollywood, East Los Angeles and three portions of Burbank.

The 32-square-mile district, bounded by Western avenue, Manchester boulevard, the Pacific Ocean, Sepulveda boulevard and Rosecrans avenue, must be vacated by enemy aliens by Feb. 24.

'EXPECTING THIS'

The Japanese rounded up today "would be very happy to go to a concentration camp" in the belief of Dr. Yoshio Nakaji, American-born dentist, whose 60-year-old father, Kashichi Nakaji, was one of the men picked up.

"The Japanese aliens have been expecting this," said the younger Nakaji. "They want to go some place where they don't have to move so often, and you'll find them all 100 per cent willing to co-operate with the officers."

"They prefer being in camps because if there is any sabotage they'll be blamed for it."

Alien Japanese Taken From Terminal Island

F.B.I. and Police Roundup Continues as 325 of 800 Nipponese Nationals Already Arrested

Striking with dramatic suddenness, Federal agents yesterday swooped down on Terminal Island, scene of vital naval and defense operations, and by mid-afternoon had arrested 325 alien Japanese fishermen.

Others were expected to be

Enemy aliens rush to register under U.S. law—see Page 1, Part II.

taken into custody later as the government investigators announced they were "still operating."

LONG PLANNED

Armed with Presidential warrants—issued only in time of war—F.B.I. officials, aided by police and deputy sheriffs, launched the raid shortly after dawn, finding many of the aliens still in their beds.

"This move," tersely explained Federal authorities, "has been planned for many months in connection with the internal security program."

COME TO BE INTERNED

Most of the Japanese taken into custody were sped to the United States Immigration Station on Terminal Island. Others were taken to outlying city and county jails.

The aliens will be held for investigation. Those considered dangerous to the national safety will be interned for the duration, it was explained. The others are expected to be released.

The alien roundup coincided with the opening yesterday of

registration of the approximately 36,000 Axis nationals — Germans, Italians and Japanese—in the Los Angeles area.

Army patrol cars bristling with machine guns threaded the narrow streets throughout the congested Terminal Island residential district during the harbor raid. There was not a single instance of any resistance being offered the officers.

ENTRANCE GUARDED

As an additional precaution, however, soldiers were stationed at the drawbridge leading to the island, and at the ferry house, only other means of entrance and exit.

Operating with machine-like efficiency, the F.B.I. agents, headed by J. W. Vincent, in charge of operations, had prepared lists of the names and addresses of all those for whom warrants had been issued.

DIVIDED INTO AREAS

The entire island was divided into areas of one or two blocks, with a dozen or more men being assigned to each district.

In each instance an F.B.I. agent, accompanied by two policemen or deputy sheriffs, rapped at the door of a home of an enemy alien. After being admitted they informed the occupant he was under arrest and proceeded to take him to the Immigration Station.

"I'm sort of glad this happened," observed one of those

Turn to Page 6, Column 3

taken into custody. "If anything happens here now in the way of sabotage I know they can't blame me."

The early morning visit apparently had been anticipated by a number of the aliens, who surprised authorities by taking with them suitcases already packed with clothes and other essential belongings.

CAUGHT UNPREPARED

Others, however, were caught unprepared.

Scores were found asleep in their beds or eating breakfast.

One alien asked if he could have a moment's time before leaving.

"What for?" he was asked.

"I want to feed my rabbits," he muttered. "I don't want them to go hungry."

WOMEN UNMOLESTED

The authorities did not molest women, children or American-born Japanese, hundreds of whom stood in clusters on the sidewalks observing the actions of the officers.

Many of the younger Japanese expressed the opinion that they themselves probably will be asked to move off the island before very long.

WOULD END CONFUSION

"The sooner the better," some commented. "That'll end the confusion. At least we'll know where we stand."

Authorities found a jungle-like maze of dwellings—most of them jerry-built frame cottages—as they moved through the Japanese settlement.

Narrow passageways, hardly wide enough for two persons to walk through side by side, connected the majority of the residences.

RESIDENTS TOTAL 3000

Fishing nets, chicken coops, rabbit pens, and similar paraphernalia littered the ground surrounding the structures.

The total population of the island is approximately 3000, according to harbor officials. Of this number some 2200 are Japanese, 800 of them aliens and the remainder in the second generation group.

VITAL NAVAL CENTER

An important naval center, the island, five miles long and approximately one mile wide, is the

scene of numerous activities essential to the war program.

The newly completed naval air station is located there, as well as the naval operations base. Scores of ships are being constructed at shipbuilding yards located in the area.

NEAR STRATEGIC POINTS

Many of the Japanese homes are literally only a stone's throw from some of the strategic points.

It was to eliminate, as far as possible, any possibility of sabotage or espionage that the alien roundup, planned for many weeks, was conducted, it was explained.

The Federal agents took advantage of the "full moon" season to make their foray.

MOST AT HOME

During this period all fishing at the harbor is at a standstill, according to cannery officials. As a consequence most of the Japanese are to be found at their homes.

Approximately 200 officers took part in the early morning raid. There were 100 F.B.I. agents, 64 city police officers in charge of Detective Captain Vern Rasmussen, and 30 deputy sheriffs commanded by Capt. P. M. Kunou.

Jap Roundup

Belated as it was, the Federal government's seizure of alien Japanese on Terminal Island shows that a more realistic treatment of the whole alien-in-wartime problem has become a fact. The designation last week by Attorney General Biddle of restricted zones from which enemy aliens will be barred—following numerous demands from this coast—was the first indication that Washington is awakening to the seriousness of the danger.

The Terminal Island raids yesterday should be followed by evacuation of all Japanese nationals and their immediate descendants from that vital military zone, as soon as possible.

As has been stressed before, these precautions undoubtedly are the same as those taken long ago by Japan in respect to Americans in that country. They therefore by no stretch of the imagination can be interpreted to call for any "reprisals."

Another important action in regard to enemy aliens also is under way.

The registration of such aliens which began yesterday and which provides them with identification certificates is extremely important, since it is apt to go hard with any enemy alien caught without one.

Only one week is allowed for the registration, which concludes Feb. 7. There is no tie-up between this registration and the evacuation of defense areas.

The registration place in Los Angeles is the postoffice branch at San Pedro and 22nd streets. All postoffices outside of the city are registration points.

This is a necessary measure, as much for the protection of enemy aliens as for the protection of the United States, and well-disposed aliens will comply with the regulations to the letter. Others will feel the weight of the law. This is war.

On Treatment Of Aliens

MAYOR BOWRON of Los Angeles sounded a proper note when he warned against any hysteria in the handling of Japanese and other "enemy aliens" or their children.

Mayor Bowron urged that "all residents of Los Angeles continue to treat both aliens and native-born Japanese with courtesy and respect and that no advantage of any kind be taken of the Japanese people."

Unfortunately, not all public officials are as level-headed as Mr. Bowron, or possessed of the good sense he has shown in this instance.

Of course, action must be taken to eliminate danger from actual or potential fifth column elements among Japanese, Italian and German residents in California. (It should be added that action also should be taken to guard against native fifth column elements as well.)

But to fan hysteria in dealing with the problem will only defeat the legitimate end of strengthening and safeguarding our defense. Hysteria can only let loose those passions which sow dissension and division among our people and tend to demoralize them in fulfillment of their duties to the nation.

Certainly, this should not be the occasion when some cheap politicians, seeking publicity and glory, are permitted to make political capital of the situation by indiscriminate and ill-advised action against foreign born persons in our midst.

Certainly, this is not an occasion for permitting sinister and unscrupulous men to enrich themselves at the expense of these poor people by taking their lands and other properties from them.

And just as certain is the fact that there are cheap politicians and profit-hungry capitalists who will attempt to do exactly those things.

It is just as incumbent upon responsible authorities to curb these politicians and profit-grabbers as it is to guard us against fifth column elements. Each in his own way contributes to defeat of the war effort.

It is also incumbent upon the proper authorities, in instances where evacuations of aliens are deemed necessary, to carry through these evacuations in a humane manner and provide economic assistance to the evacuees.

Only a few of the thousands of Japanese residents in California are fifth columnists. To isolate these few, it may be necessary to move many. But it would be wrong to impose terrible economic hardship upon these many innocent persons.

There is the final point that our treatment of aliens, particularly Japanese, should not be such as to provide ammunition to Japanese propagandists in propagating their theory that they are defenders of the "yellow races" against white persecution and injustice.

sible. Indeed, Britain, too, and the Dutch, can do no better to ensure victory in this war, than by equipping the native populations throughout the Malayan archipelago with the weapons that can make occupying Japanese forces find death and destruction lurking behind every bush.

The people of these islands who will fight for their independence will prove invaluable allies for they will fight with the courage and daring of men who love freedom. They know every mountain path and jungle trail, and when the defeat of the Axis comes, a large share of the victory will be due to their heroism. For they will never surrender to Fascist slavery.

Speed Alien Exodus

State, city, county and federal officials today moved to clear defense areas on the Pacific Coast of Japanese with the Justice Department expected to make the latest move in the exodus campaign by specifying 27 additional areas from which enemy aliens will be barred.

The new "no man's land" for aliens is presumed to include the naval base and shipbuilding facilities on Terminal Island in Los Angeles harbor and other strategic places not named in the original area from which aliens must clear on Feb. 24. The 27 new areas must be clear of aliens by Feb. 15.

The area named previously includes a 40-square mile section in southwest Los Angeles, primarily a residential district.

As the Justice Department made its moves in the "bar aliens" campaign, these other things were being done in California:

Tom C. Clark, alien control co-ordinator, prepared to start Monday, placing large signs throughout the 40-square-mile restricted area, notifying the aliens to evacuate by Feb. 24.

William G. Bonelli, State Equalization Board member from Southern California, prepared a resolution calling for expansion

of the fingerprinting of all persons engaged in the retail liquor business to uncover any aliens that may be working in any capacity in the establishments.

A joint city-county committee of citizens will be named Monday to aid alien Japanese in clearing out of prohibited areas.

The state of California prepared to revoke the licenses of all aliens who are doing business under the state's statutes, including doctors, chiropractors, contractors, nurses, barbers and similar occupations and professions.

Attorney General Earl Warren prepared to act against Japanese who have acquired land by circumventing the alien land laws, and announced he would submit Monday to the West Coast defense meeting in Sacramento his plans to force aliens to conform to the 1941 Subversive Organizations Registration Act. He said the law had never been complied with.

MORE GUARDS POSTED

Guards, both civilian and military, have been increased in the Terminal Island area to guard against espionage and sabotage.

State and county agricultural officials were studying methods to ease the "jolt" to the vegetable industry which is expected from the Japanese exodus. Problems of the Japanese truck farmers who have crops planted and not yet matured or harvested may be alleviated through some plan as yet to be decided upon.

Removal of Japanese from Terminal Island will not hamstring the harbor's fishing industry nor the fish-canning industry, E. D. Seward, San Pedro Chamber of Commerce secretary, said.

Re-registration of Axis aliens in California, Washington, Oregon, Montana, Utah, Idaho, Arizona and Nevada begins Monday and ends Friday. Enemy aliens failing to register face internment for the duration. All aliens, 14 years of age or older, must register in Los Angeles at the bureau at Twenty-second and San Pedro streets and in other areas in postoffices.

MOVE IN 24 HOURS

A survey of the first alien enemy "prohibited area" which was established Thursday and embraces an area 10 miles long and five miles wide, with aircraft factories in the center, indicated an alien evacuation had taken place within 24 hours.

"If enemy aliens aren't out of prohibited areas by deadline dates—we'll put them out," Allen Control Co-ordinator Clark announced. "From now on every American-born Japanese in the Western Defense Command is going to be under surveillance, and those whose actions and inclinations are questionable are going to be put where they will not be harmful."

Clark will go to Sacramento Monday to confer on the enemy alien plan with Lieut. General J. L. DeWitt, commander of the Western Defense Command, and Rear Admiral John W. Green-slade, commandant of the Twelfth Naval District.

SACRAMENTO PARLEY

Another conference scheduled for Monday in Sacramento was the one called by Attorney General Warren with sheriffs and district attorneys. From it will come the drive against Japanese associations which, he said, "unquestionably are connected with the Japanese government and the Fascist movement."

Dr. Walter Dexter, superintendent of education, announced the Japanese foreign-language schools operating in the state would be closed and others previously closed would not be permitted to reopen.

As the noose was drawn about restricted areas, to squeeze out aliens, the California League of Cities wired President Roosevelt, requesting that all Japanese, aliens and citizens alike, be evacuated from the entire West Coast combat zone, extending 150 miles inland.

Dr. John R. Lechner, executive director of the Americanism Educational League, speaking before the Korean-American League, urged that the civil rights of the Nisei, second generation Japanese, be suspended for the duration of the war.

The Los Angeles no-enemy-alien zone already announced was one of two initial such districts proclaimed by the Justice Department, the other being in San Francisco.

The out-of-bounds area here for enemy aliens includes the North American Aviation, Northrop Aircraft, Inc., and Douglas El Segundo aircraft plants, Los Angeles Municipal Airport, the big El Segundo oil tank farms, hundreds of oil wells, Harvill die-casting works, Sperry gyroscope plant and the

HERALD-EXPLORER

cities of Inglewood, Hawthorne and Lennox.

Hundreds of Japanese truck farmers till their fields within shouting distance of some of these facilities. Of the 13,391 Japanese in Los Angeles county, many are vegetable-growers.

The region was defined thus:

"The area at the shoreline near the intersection of Sepulveda boulevard and Rosecrans avenue, easterly to Western avenue and then northerly to Manchester avenue, and then westerly to the ocean."

Federal government figures, it was learned today, show the following numbers of enemy aliens in Los Angeles county:

Japanese aliens—19,000.

German aliens—8000.

Italian aliens—9000.

Total—36,000.

Los Angeles city alone contains 10,000 Japanese aliens, according to the federal figures. The records did not indicate the number residing in the coastal zone here from which Japanese and other enemy aliens have been barred.

In Washington the Dies committee was reported getting ready to turn in a report that conditions existed on the west coast for "another Pearl Harbor" at Los Angeles or San Francisco.

The committee report was understood to contain evidence that Japan has obtained detailed data about operation of the city's power and water systems in Los Angeles by placing men in jobs where such information was available. The committee was said to have planned to report that many large cities on the west coast could be thrown into confusion during air raids by sabotaging public utilities.

BY THE WAY

With **BILL HENRY**

Singapore has been noted chiefly for the gin sling and its sudden propulsion into the limelight, by reason of its siege, has brought on endless argument. This column is designed to help debaters, argufiers and wagers. Save it also to help keep track of the siege.

SINGAPORE, CAL.—Get yourself a map of the Los Angeles harbor area on a large scale, take your pencil and draw a line diagonally from Alamitos Bay about the junction of Garden Grove and Los Alamitos Blvds. From that point draw a sort of an arc that passes up around the Long Beach municipal airport to the Compton airport. Then let it curve more or less steeply around Torrance to a junction with the shore line at Palos Verdes. Follow the shore line back to your starting point and you have enclosed a somewhat diamond-shaped area very similar to that of Singapore Island.

DEFENSES—To get a clear conception of the situation you must imagine a moat of water from half a mile to a mile and a half wide surrounding the area you have just outlined. Beyond that mythical moat, the entire area of Southern California around the diamond-shaped area is enemy-held. The city of Singapore is located just about where San Pedro and Wilmington are. That is the main strong point of the whole area—a dozen or more strongly fortified positions would lie in the general area of Ft. MacArthur, Point Fermin and the breakwater. Other strong points are located on dozens of small islands just off the point, and the Dutch-held Rhio Archipelago lies offshore like Catalina—but not quite so far away.

Warning Unheeded

This is another place where our foresight was all behind us. We have been told for a generation (Harry Carr in his Los Angeles Times' Lancer column continually harped upon it) that a war with Japan was inevitable, yet we clung to the Pearl Harbor

idea that "they can't do that to us" and continued to depend upon a vulnerable line of supply which snapped after war came quicker than one could say "Emperor Hirohito."

It is the same easygoing temperament that has tolerated for so long the presence of thousands of Japs within sight of vital defenses at Los Angeles Harbor. As Justice Roberts said the other day, it is time to throw overboard our attitude of "marked superiority." An aloofness with which some still view the proceedings.

Yet, it apparently is not peculiar to this country for, after nearly two years of active war in England, the Police Chronicle (London) reports that two members of Scotland Yard, dressed in German uniforms, wandered at random through communities near London asking leading questions in guttural English, sometimes lapsing into German.

Got R.A.F. Data

They obtained information from R.A.F. and military officers and had tea in one of London's most widely patronized cafes. They never were asked to show credentials, and only one telephone call to police was made about them.

It is hard to imagine anything like that happening, even in Los Angeles.

Dear Sir:

Reference is made to your letter of February 14, 1942, in which you advise that your office has been presented with a bill for \$46.55 for the food and lodging of sixteen prisoners confined in the Los Angeles County Jail during the month of December, 1941, said bill having been presented by the Los Angeles County Sheriff's Office.

As you know, according to existing arrangements, it is the duty of the Immigration and Naturalization Service to handle all matters relative to the confinement of dangerous enemy aliens apprehended under the custodial detention program. Therefore, you are instructed to advise the Office of the Sheriff of Los Angeles County, California, that this Bureau cannot pay the expenses of any aliens lodged in the Los Angeles County Jail, and that the bill presented to your office should be presented to the appropriate office of the United States Immigration and Naturalization Service.

THE DIRECTOR

Major Schofield having just received a call from Mr. Carmichael, representative of the Immigration and Naturalization Service in Los Angeles, advising that approximately 450 alien enemies were to be picked up today by the F.B.I., called me and expressed great concern at not having been informed until today that such a roundup was to take place and because of the lack of adequate facilities to properly take care of such a number. He said he had been advised of a plan but did not get actual information that the roundup started. He said that the last time he talked to you it was his impression that you thought the big roundup was finished. I clearly impressed upon him the fact that for the past three weeks we have been working with the Immigration people shaping the plan during that time as a joint operation. I told him also that at a conference a good two weeks ago between Mr. Carmichael of the Immigration Service and Mr. Hood of the Bureau's Los Angeles Office the question was raised as to whether the two offices would carry out the plan together, or how was it going to be carried out because it has been an immediate problem for many weeks. I impressed on him the fact that we assumed that he would be pretty closely advised about this situation since it has been planned so long by his own people.

As to accommodations for this roundup Major Schofield said that about 100 could be put in Tuna Canyon and that he would be in favor of moving all to Missoula where plenty of room is available. He asked if I thought that those picked up today would be the last, or if there would be more. I advised him this is the only plan which is current, at the present time we have no plans involving any other major groups any place, and unless there is some plan of the Department of which we are ignorant this is the only situation of its kind that exists.

I informed him that the number to be picked up today probably runs over 500 with Los Angeles and San Diego combined, with the bulk in Los Angeles and seventy or eighty in the San Diego vicinity.

He stated the plan is all right with him, and asked when the roundup would start. I informed him that it started at seven o'clock this morning, Pacific time, ten o'clock our time, and they will try to finish it today.

Mr. R. B. Hood, SAC, Los Angeles, advised SA M. M. Reed that as of 9:15 a.m. this morning, Pacific Coast Time, 122 Japanese fishermen had been taken into custody. These apprehensions were a result of the general warrant for the apprehension of 544 Japanese fishermen which had been furnished by the Alien Enemy Control Unit of the Department under date of January 28, 1942.

Mr. Hood furnished the above information in order that the Bureau might be informed in this matter.

Major Schofield called and inquired as to the number of Japanese who have been taken into custody in the Los Angeles District up to the present time. He is trying to determine how many Japanese they are going to have to remove from that district. I told him that we have picked up a total of 361 Japanese aliens in Los Angeles and San Diego as of 5:00 AM today and that we expect the grand total to be 544. I told him that of course there might be 10 or 15 who we will not be able to locate. He stated that arrangements are being made to remove these individuals from that area.

MEMORANDUM FOR MR. EDWARD J. ENNIS
DIRECTOR, ALIEN ENEMY CONTROL UNIT

Re: ALIEN ENEMY CONTROL

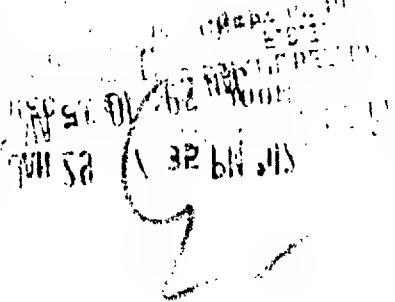

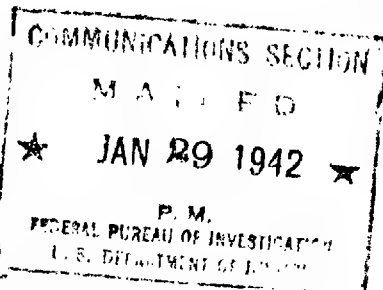

Reference is made to my memorandum of January 15, 1942, requesting your advice as to the action definitely contemplated with reference to alien enemies who violate the provisions of the Presidential Proclamations.

It is believed that the disclosure of prohibited articles in the possession of enemy aliens which have not been surrendered in accordance with existing regulations should be sufficient to justify the internment of the aliens involved. I should appreciate your advice in this matter at an early date.

Very truly yours,

John Edgar Hoover

RE: CUSTODIAL DETENTION
INTERNAL SECURITY - G

Dear Sir:

Reference is made to Bureau teletype dated December 18, 1941 requesting that the Los Angeles Office furnish the Bureau the names, identities and supporting data concerning persons of American citizenship either by birth or naturalization whom this office believes should be considered for Custodial Detention if and when such action is necessary.

There are enclosed herewith, fifty-one memoranda concerning persons in the Los Angeles Area all of American citizenship but of Nazi sympathies. These persons are considered the most active and dangerous in the Los Angeles Area and it is believed that the enclosed memoranda reflects specific evidentiary information.

In addition to the persons listed in the enclosed memoranda there are several other persons in the Los Angeles Area upon whom Custodial Detention memorandums have previously been submitted to the Bureau and Custodial Detention cards have been returned but in view of the request in reference teletype of substantial information there was no action taken as it was not felt by this office that there was sufficient information to justify including them in this recommendation.

With regard to the latter group, further recommendations will be made by the Los Angeles Field Division at a subsequent date.

Very truly yours,

MEMORANDUM FOR MR. EDWARD J. ENNIS
DIRECTOR, ALIEN ENEMY CONTROL UNIT

Reference is made to my memorandum of January 15, 1942, in which you were furnished information concerning the apprehension of eleven Japanese aliens by the Los Angeles Field Division of this Bureau on January 13, 1942, at which time they had in their possession numerous articles which they had failed to surrender under the provisions of the Presidential proclamation. In this memorandum your advice was requested as to what action was definitely contemplated with reference to alien enemies who violated the provisions of the Presidential proclamation.

I would appreciate an immediate opinion in this matter.

Very truly yours,

ALIEN ENEMY CONTROL

Dear Sir:

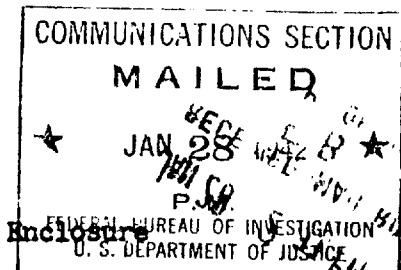

I am enclosing herewith a warrant for the apprehension of ninety-one enemy aliens of Japanese nationality. This warrant is to be placed in the files of your office. Subsequently, I shall forward to you two more copies, at which time one copy should be lodged with the appropriate United States attorney and the other with the appropriate office of the Immigration and Naturalization Service.

According to information received at the Bureau, Mr. William Fleet Palmer, United States Attorney for the Southern District of California, advised that these subjects had already been apprehended and were presently being held at the Tuna Canyon Detention Station at Terminal Island, California.

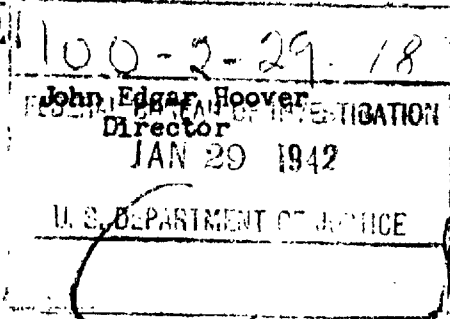

In the event that these subjects have not already been apprehended, your immediate efforts must be directed toward their apprehension.
